

EGATIN SD in Aarhus 2024

On-line participation

The participation on-line will be delivered with a zoom link send to your e-mail.

Content will be the streaming of [the welcome and the presentations \(P1- P6\)](#) at the (CET) times scheduled in the program.

The plenary presentations will be followed by the sessions of an [online discussion group](#), which will be arranged by Zoom and held at the same time as the sessions of in-person discussion groups in the program. The online discussion group will be conducted by Taras Levin (Ukraine). Should more participants register for on-line participation, more online groups will be arranged.

The [AGM](#) and maybe also the [Policy meeting](#) on Sunday is planned to be hybrid, giving the on-line participants the possibility to be seen and heard at the meetings.
